## Welcome . . . .

... to our latest catalogue.

Although the total number of pages remains the same, two new sections have been introduced. We now have a comprehensive range of recycling signs (WRAP approved) and floor stands to add to our extensive range of Health, Fire and Safety signs.

With over 250,000 signs in stock, we are able to despatch the majority of orders within 48 hours of receiving them.

Signs that are out of stock will be forwarded as soon as possible.

We have just updated our online web shop. This will be regularly updated with any new signs or products we introduce.

Find us at:

[www.lastingimpressionsonline.co.uk](http://www.lastingimpressionsonline.co.uk)

Trade customers will receive a 20% discount off online orders.

## Choice of Materials

### Self Adhesive Vinyl

Flexible gloss vinyl with permanent self adhesive backing. Will adhere to most smooth, clean surfaces.

### 1mm Rigid Plastic

1mm thick HIP plastic. Suitable for indoor and outdoor use.

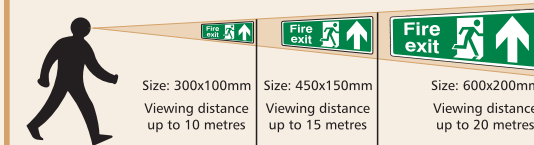

### Photoluminescent Plastic

Many companies are still offering and promoting class A which is an inferior product. Proposed legislation recommends that class B is used for all signage - by using Lasting Impressions signs, you can be certain that your safety signage is ahead of the game.

### Alupanel

Aluminium composite with plastic core. Extremely strong and weather resistant.

## Viewing Distance

### Recommended installation height:

**Above doors:-**

2m - 2.5m from the floor level to the base of sign.

**Directional wall fixed signs:-**

1.4m - 1.7m from the floor level to base of the sign.

## Payment Methods

Payment is simple. Choose the method easiest for you. We accept:

- Cheque
- Credit Card

• **PayPal**

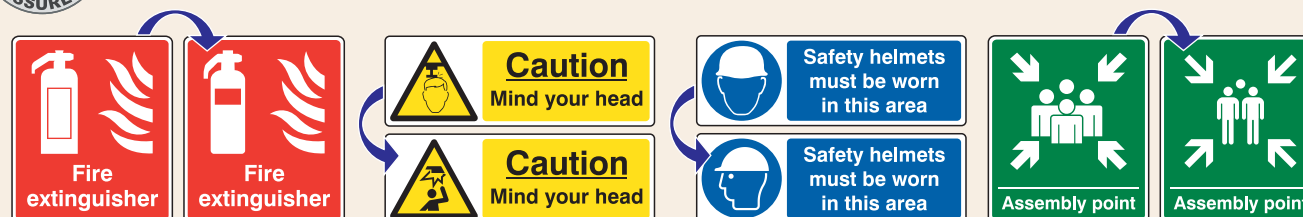

- Open a business account easily and quickly over the phone

## Signs are Changing - ISO 7010

As a member of the Health & Safety Sign Association, you can be assured that our Health and Safety signage conforms to the forthcoming legislation ISO 7010 as well as meeting any amendments in the future.

ISO 7010 has is being introduced to ensure that logos are easily recognisable and understood Worldwide.

## UN Substance Numbering Hazard Labels

This range of signs is supplied without the printing of the UN number. This can be written on with a permanent marker pen.  
Available in self adhesive only. For larger quantities, this number can be printed on at an additional cost.

## Storage Area Marking Signs

This range of signs is available in both self adhesive and 1mm plastic.

## Tie Tags

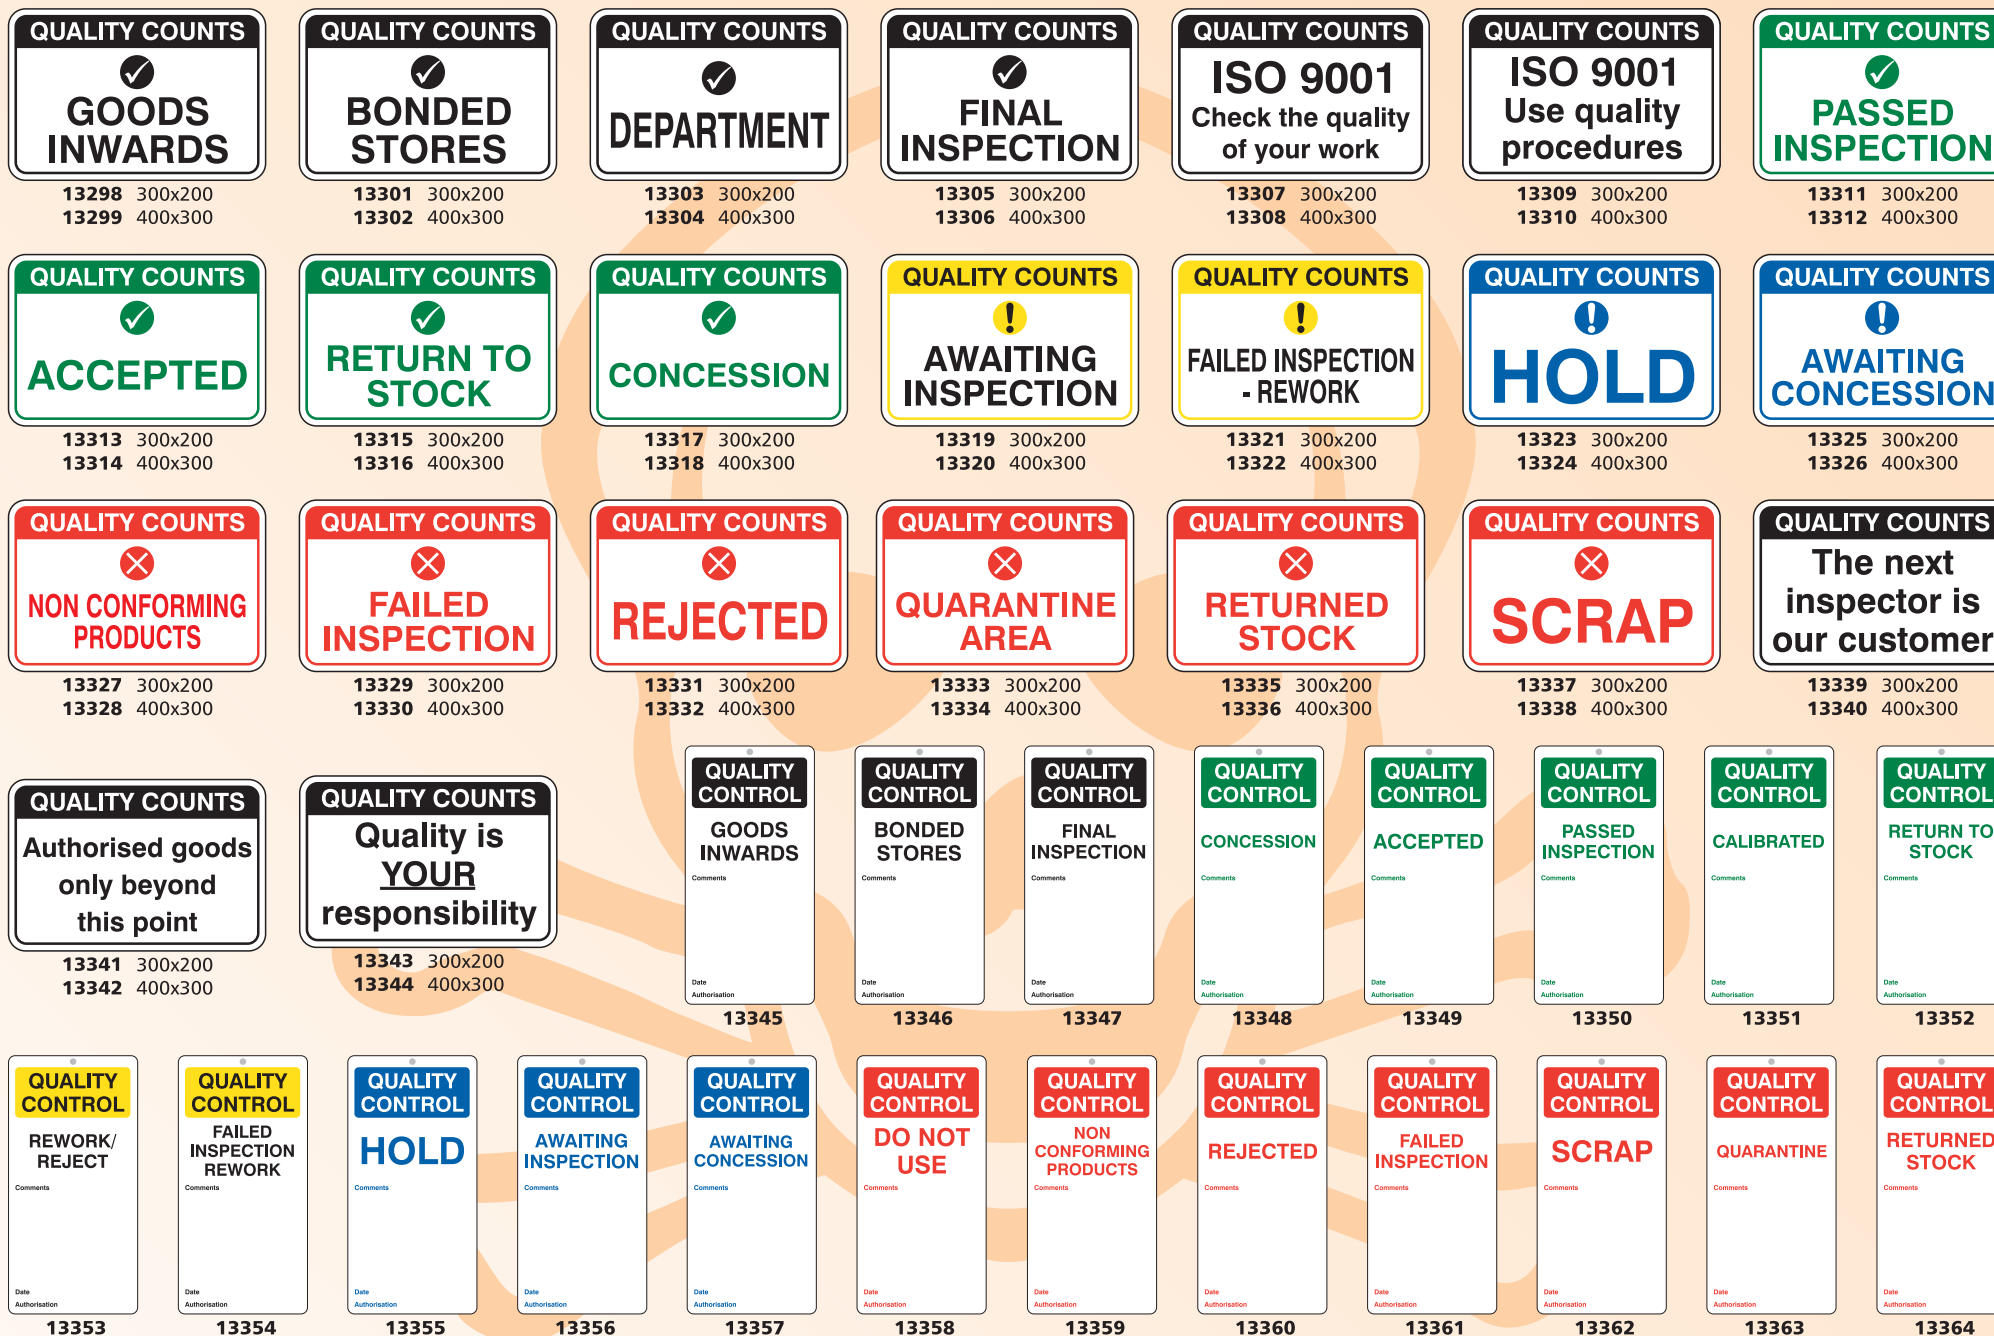

Tie tags are 75mm x 150mm and are printed onto durable .75mm plastic, holed at the top and supplied with fixing ties.

## Hanging Maintenance Safety Signs

These signs are printed onto 1mm plastic and have 2 fixing holes at the top. Supplied with fixing ties.

## Quality Control Signs / Quality Control Safety Tags

Tie tags are 75mm x 150mm and are printed onto durable .75mm plastic, holed at the top and supplied with fixing ties.

## Agricultural Signs

|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
|  <b>Convector Oven</b><br>Switch off heater fan button before opening doors.<br>1565 300x100                                                                                                                                                                                    |  <b>Steaming Oven</b><br>Open door sufficiently to break the seal and allow steam and water to escape before opening fully.<br>1566 300x100                                                                                           |  <b>Slicing Machine</b><br>Switch off/disconnect power at mains before cleaning. The guard provided must be in the correct position before operating the machine. Always return the slicing thickness to zero position when work is finished to avoid injury to hand.<br>1567 300x100 |  <b>Deep Fat Fryer</b><br>Switch off/disconnect power at mains before cleaning. Avoid 110V pen beyond the recommended at least. Ensure food is moved before returning to oil to prevent burning and subsequent overfilling. Always return temperature control to zero when frying is complete.<br>When cleaning:<br>1. Ensure that materials used are large enough to contain contents.<br>2. Remove any spillage.<br>3. Clean up spillage immediately.<br>1568 300x100 |  <b>Dishwashing Machine</b><br>Switch off/disconnect power at mains before cleaning. Avoid overloading machine. If machine jams or stops, immediately switch off power and water supply and examine cause of stoppage. Allow machine to cool before reaching in otherwise serious scalds could result.<br>1569 300x100 |  <b>Waste Disposal Machine</b><br>Switch off/disconnect power at mains before cleaning. Ensure that cutlery, bones, string etc. are not mixed with food waste. Switch off power supply if machine jams or stops, follow manufacturer's inspection instructions.<br>1570 300x100 |                                                                                                                                                         |                                                                                                                                              |                                                                                                                                                 |                                                                                                                                          |
|  <b>Mincing/Mixing Machine</b><br>Switch off/disconnect power at mains before cleaning. Use only the plunger provided to push food into the mincing machine - spoons, forks, knives or sticks should be avoided. Keep hands clear when machine is in operation.<br>1571 300x100 |  <b>Microwave Oven</b><br>1. Do not look closely into oven when it is switched on.<br>2. People with heart pacemakers must not use this oven.<br>3. Metal containers such as tinfoil must not be placed in this oven.<br>1572 300x100 |  <b>STOP</b><br>Clean your hands<br>1573 300x100                                                                                                                                                                                                                                      |  <b>Clean machine after use</b><br>1574 300x100                                                                                                                                                                                                                                                                                                                                                                                                                         |  <b>Caution</b><br>This machine can be dangerous. It must be operated and cleaned by authorised persons only.<br>1575 300x100                                                                                                                                                                                          |  <b>Clean up spillages</b><br>06455 300x100                                                                                                                                                                                                                                     |                                                                                                                                                         |                                                                                                                                              |                                                                                                                                                 |                                                                                                                                          |

## Braille & Tactile Signs to NHS Guidelines

## Braille & Tactile Vista Wall/Door Frames

Silver anodised aluminium wall/door Vista sign frames to suit our standard range of Braille & tactile signs. This product is ideal for applications where surfaces are uneven, VHB tape is not appropriate or simply to make the signs look even better!

Once the wall frames are installed, any sign of the same size can be updated/replaced, so not only does the signage look aesthetically pleasing but it is also a practical measure.

Available in the following sizes:

- 150x150mm
- 225x150mm
- 300x150mm
- 400x150mm

Custom size Vista wall/door frames are available on request to accommodate our custom made Braille & tactile sign range below.

## Custom Made Braille & Tactile Signs

Can't find what you require from our standard range of Braille & tactile signs?.... Don't worry, we can manufacture any sign to your very own specification.

The custom made signs are manufactured using CNC routing & engraving techniques with laminated plastic sheets and the Braille Raster beads are inserted into very accurately drilled holes. This process is ideal for one off signs with specific text, colour, shape & size requirements. This is the most cost effective way of producing low volume, DDA-compliant Braille & tactile signs that follow the best practice guidelines in the "Sign Design Guide".

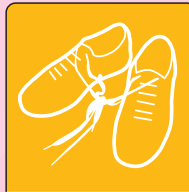

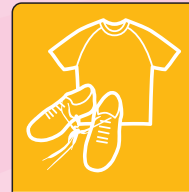

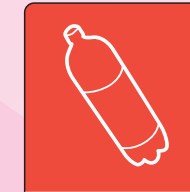

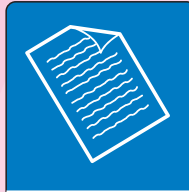

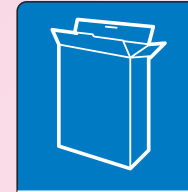

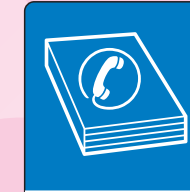

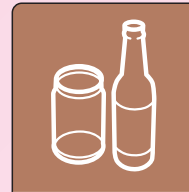

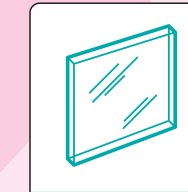

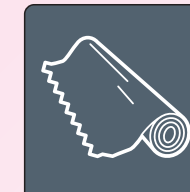

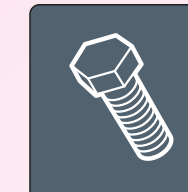

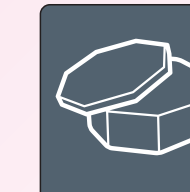

Some bespoke methods involve chemical etching & photo polymer etching, which usually leaves the Braille with a flat top rather than a domed finish. Flat top Braille is not recommended by the RNIB and does not follow the best practice guidelines.

We can manufacture bespoke signs to match our standard stock items. This means that a sign project can benefit from using mainly stock items to keep the price down and the odd few signs that are not likely to be stocked can be made to match. The bespoke signs generally cost about 20-25% more than our stock items.

P.O.A

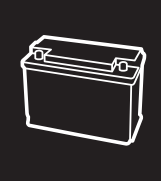

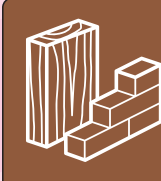

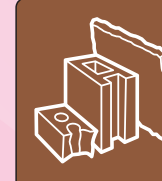

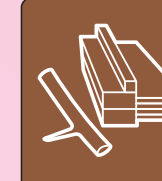

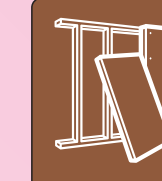

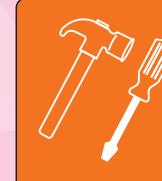

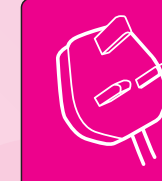

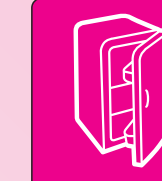

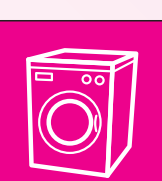

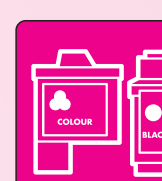

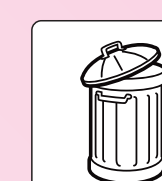

## WRAP Recycle Signs

These signs are manufactured to the strict specifications of the Government led Waste & Resources Action Programme (WRAP) for recycling and include WRAP's 'Recycle Now' logo. They also include the new range of icons for easy reference.

|                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                             |

## WRAP Recycle Signs

The range of WRAP Recycling signs is constantly changing. Please check our website for up to date designs. If you require new recycling icon for a new material, please let us know. This does take time to develop, as it has to be approved by WRAP.

## Floor Stands

Our floor stands measure 628mm high and 300mm wide and unless otherwise stated, are supplied with graphics on both sides.

All floor stands incorporate current health and safety pictograms and where appropriate comply with EN7010

If you would like to create a bespoke floor stand to your requirements, please contact us for a free quotation.

## Floor Stands

Our floor stands are lightweight and compact. They fold flat for easy storage and have a carry handle built in to the frame. They are recommended for internal use due to their lightweight construction and are suitable for Hotels, Schools, Offices etc.

If you would like to create a bespoke floor stand to your requirements, please contact us for a free quotation.

## Photoluminescent Extinguisher ID Signs

|                                                                                                                                                                                         |                                                                                                                                                                                                                       |                                                                                                                                                                                            |                                                                                                                                                                                                                                          |                                                                                                                                                                                    |                                                                                                                                                                                                                                   |                                                                                                                                                                                         |                                                                                                                                                                                                                       |                                                                                                                                                                                      |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                       |

## Photoluminescent Tapes

**P1857** 40mm x 10m  
**P1858** 80mm x 10m

**P1859** 40mm x 10m  
**P1860** 80mm x 10m

**P1861** 40mm x 10m  
**P1862** 80mm x 10m

**P1863** 40mm x 10m  
**P1864** 80mm x 10m

## Custom Signs

We are able to produce custom signage using the latest equipment. From small house signs and magnetic signs through to estate agent boards and larger exhibition graphics. Below is just an example of some of the custom work we have produced. We are able to work from your files or have us design something for you. Please ring to discuss your requirements.

### Exhibition Graphics

**CLIC Sargent**  
Caring for Children with Cancer

Every day 10 families are told their child has cancer. CLIC Sargent is the only charity that offers them all round care and support

[www.clicsargent.org.uk](http://www.clicsargent.org.uk)

JOIN THE CLIC SARGENT RUNNING TEAM AND RAISE 1 MILLION TO HELP CHILDREN WITH CANCER

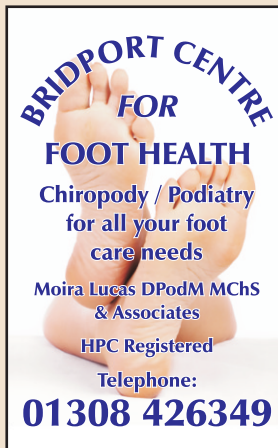

Registered Charity Number: 1107328
